

Endowing Colours to Life

ARIES Group

Endowing Colours to Life

...with Power of its Leaders

Who are we...

Aries Dye-Chem Industries has spread its colourful aura across the world like a true Arian. Over the past 30 years it has emerged, with great force. Aries is the brainchild of Mr. K. I. Patel, who is a visionary and holds a Master's Degree in Organic Chemistry with specialization in Dyes. He skillfully used his knowledge to build a successful company. Challenges on the journey to success did not stop Mr. Patel from dreaming! Each time he emerged stronger guiding the company to new heights. Today, it stands as India's leading Exporter & Manufacturer of Dyestuffs for leather & textile industries and is recognized by the Government as a Star Export House in India.

With a will to reach and satisfy all its customers, the company today offers a wide range of products like, Acid dyes, Direct dyes, Reactive dyes, Metal complex dyes and Leather dyes.

The decisive **Power of its Leaders** and their policy of Offering the best & Using the best has the company all set to reach new horizons.

Endowing Colours to Life

...with Vision of its Leaders

What sets us apart...

Infrastructure

Aries today has the-state-of-the-art technology to meet the needs of its customers. Its production capacity of approximately 20000 MT per annum, spreads across, Four latest production plants which include, Nota/Screw Mixer spray dryers, blenders, ice maker machines and ultra filtration systems(R/O) for salt-free and high strength dyes.

Quality Control

Offering the best in terms of Quality has always been on the company's topmost agenda. A highly dedicated team of professionals continuously strive to ensure the Quality, right from the raw material to the finished product.

Throughout the production process, meticulous standardized tests are conducted with utmost care adhering to strict specifications to guarantee the Quality of the packed product. Today Aries is recognized, all over, for its quality.

Packing

At Aries we thoroughly understand the need for strong and safe packaging. We provide a wide choice to our customers in terms of material and quantity, to ensure safe and on-time delivery around the world.

The **Force of its Vision** to excel, through quality has placed Aries Group at a formidable position in the Global Market of Dyes and Chemicals.

Endowing Colours to Life

...with Force of its Vision

What keeps us on the top...

A visionary company doesn't simply balance between idealism and profitability; it seeks to be highly idealistic and highly profitable. A visionary company doesn't simply balance between preserving a tightly held core ideology and stimulating vigorous change and movement; it does both to an extreme.

— Jim Collins

Research & Development

Keeping the above adage in mind, our highly competitive team of research professionals is constantly striving to develop new products and further improving on the existing ones. The skilled team is provided with a Laboratory equipped with the-state-of-the-art equipments like Computer Colour Machine, UV Spectrophotometer, HPLC, Leather Dyeing Machine, Spectrophotometer with the latest shade matching software and Pressure Dyeing Machine. For a constant evaluation and standardization of dyestuffs and dyeing applications, we are also equipped with the Leather and Textile Dyeing machine.

With an invincible **Drive to Succeed**
Aries will always endeavor to match strides
with the ever-changing technology without
compromising with its core ideology of
Offering the best & Using the best.

– *Arish Patel*
Vice President

Endowing Colours to Life

...with Drive to Succeed

Milestones

Started new Plan for Dyes and Dye Intermediates at Dahej SEZ	2012
Awarded ISO 14001 for environment	2010
Aries is recognized as the Star Export house	2008
New beginning with Aries Organic Pvt. Ltd. (100% export oriented unit)	2006
Awarded second position by Chemixcil Export Awards by Govt. of India	2004
Awarded ISO 9001 - 2000	2002
Awarded certificate of Merit by Chemixcil	2000
Gained export house status	1997
Started direct export	1994
Establishment of Aries Dye-Chem Industries (manufacturing and export unit)	1980

Endowing Colours to Life

...with Protection of its Environment

We Care...

Environmental care is our priority & to ensure the same, our units are equipped with advanced and effective primary & secondary effluent treatment plants with a capacity to treat more than 500,000 liters/ day. They are of international standards and are in accordance with the environmental norms. These plants are constantly monitored.

All our units are members of Common Effluent Treatment Plant (CETP) and it is only after treating effluent in our in- house treatment plants, the water is discharged to CETP where it is retreated & made reusable.

We strictly follow the fire safety rules & regularly maintain the safety equipment.

We stand by our belief that **Protection of Environment** & development has to co-exist, consequently all our products and its manufacturing procedures are designed for green & safe surroundings.
